

DRNsights for Investigation: **\*NEW\*** Vehicle Sighting Search

## A COMPLETE SOLUTION FOR INVESTIGATIONS

Vehicle Sighting Search is a new take on DRN’s Event Links solution, which empowers deep-dive analysis of a vehicle’s location to investigate and prevent fraud. Vehicle Sighting Search places all sightings of a vehicle on conventional and satellite maps and provides full vehicle location data for any date.

### Use Vehicle Sighting Search to prove or disprove the costliest forms of insurance and vehicle-related fraud

**FRAUD THEFT**

**PRE EXISTING DAMAGE**
