

MVREMARKET

Streamlined Remarketing Services to Boost Your Revenue

MVRemarket is the ultimate solution that connects lenders with agents quickly and provides them with top-notch remarketing services. Our partnership with Ally 3PR offers a powerful, end-to-end solution to manage your entire remarketing process.

MVTRAC

- Provides full-service vehicle recovery solutions for fast, compliant recoveries.
- Proprietary technology connects lenders with the largest, most qualified agent network.
- Access to over 600 agents in 300+ small, mid-size, and major markets
- Avoid charge-offs and protect your bottom line with 250,000 active cases from over 135 lending partners.
- Access to 150+ million license plate scans per month and a historical database of 20 billion vehicle sightings.

MVREMARKET

- Manages all aspects of vehicle remarketing with 100+ years of automotive knowledge.
- Award-winning online remarketing platform with 6+ million vehicles sold since 2000.
- 9,000 active dealers and an average lift of 10% in vehicle selling prices vs. industry guidebook pricing estimate.
- Long-standing nationwide physical auction relationships and on-site auction representation.

¹ Average pricing calculations are based on vehicles remarketed from March 2019 through May 2021 and exclude vehicles that are inoperable and/or considered salvaged.

How it Works

MVTRAC uses skip tracing expertise and SmartAssign technology to identify the most qualified, pre-approved agent to locate the vehicle.

MVTRAC and Ally 3PR partner to transport the vehicle to auction and manage inspection and repairs to prepare it for sale.

Ally 3PR uses strong supplier relationships, negotiated discounts, and large economies of scale to represent the vehicle in online and physical auctions with robust marketing support.

After the sale, Ally 3PR manages the proceeds distribution, documentation, and reporting.
