

# Vehicle Sighting Search

Unveil Vehicle Locations and Fight Insurance Fraud with Vehicle Sighting Search

Introducing Vehicle Sighting Search, a cutting-edge feature within the DRNsights for Insurance platform. This powerful tool harnesses the industry's most extensive License Plate Recognition (LPR) database, equipping you with the means to conduct thorough, in-depth investigations and proactively combat fraud. Vehicle Sighting Search seamlessly integrates all reported vehicle sightings onto both traditional and satellite maps, delivering comprehensive and precise vehicle location data for any date.

## Harness the power of Vehicle Sighting Search to address insurance and vehicle-related fraud challenges.

**Stay Ahead of Fraud:** With real-time data and a vast historical archive at your fingertips, you can spot fraudulent claims and swiftly take action. Identify trends, patterns and inconsistencies, all while enhancing your risk management strategies.

**Claims Investigation:** Streamline insurance claims processing using our advanced tool to confirm the location and movement history of vehicles involved in incidents. This ensures accurate reporting and enhances claim validity assessment.

**Fraud Detection:** Safeguard against fraudulent claims with historical vehicle location insights. Identify suspicious patterns and minimize insurance fraud risk while improving overall risk management.

**Policy Enforcement:** Ensure policy compliance by verifying the accuracy of reported vehicle usage, helping insurance companies to prevent misuse of vehicles covered under specific insurance policies.

**Investigative Research: Dive deep into the most complex cases.** Conduct comprehensive investigative research into specific cases, supplying your team with vital vehicle movement data crucial for making informed decisions during investigations and legal proceedings.

## Vehicle Sighting Search Features:

Search by license plate or VIN

Configurable settings

Save search history and share across users if desired

36-month history available
